DB SCHENKER

Land Transport Solutions

Experienced. Efficient. Reliable.

DB SCHENKER is committed to providing innovative solutions behind the strength of one of the nation's largest land transport fleets. Our combination of experience, stability and service has afforded us the ability to develop long-term service-oriented relationships with our diverse blend of customers, more than 25% of whom are Fortune 100 companies. The vast majority of our Fortune 100 customers enjoy the benefits of multiple Land Transport service offerings.

Industry Vertical Strengths.

DB SCHENKER understands our customers' shipping needs. We make it our business to find the best solutions for each of them. We are committed to helping companies with their capacity challenges – from the smallest to the largest. We serve most industries, including:

Automotive

Food & Beverage

Packaging

Consumer Goods

Industrial

Retail

Benefits

- Asset-based
- Commitment to safety and training
- Customer support (24/7/365)
- Modern equipment and technology
- North American operation
- Strategically located service facilities
- Tenured driver base
- 2,000+ tractors and 6,500+ trailers

Providing capacity solutions that add value to our customer's supply chain.

Safety. Our foundation is built upon it.

Our fleet is 100% enabled with external and internal view in-cab event video recorders. In addition, we have front and rear collision avoidance systems. All systems are tied together in a database management system for ease of identifying high risk drivers and coaching them to safety.

Promoting the safe operation of our commercial motor vehicles.

- Awareness campaigns
- Behavior-based training and counseling
- Critical Event Recorders
- Safe Drive Recognition Program
- Driver and office staff defensive driving certification
- Governed Speed
- Real time communication - Geotab
- E-Logs

Delivering superior service through a culture of accountability, execution and safety.

DB SCHENKER delivers capacity solutions to a broad and diverse customer base throughout the Americas. Land Transport blends an extensive portfolio of asset and asset-light services, offering a balanced approach to supply chain management including customized truckload, dedicated contract carriage, intermodal, and third-party logistics freight management services.

- Canada

- Refrigerated
- White Glove Delivery

Our Services

One service doesn't fit all. That's why we customize yours.

We simplify highly complex processes to achieve results. Our deep market knowledge and carrier relationships provide capacity and competitive rates.

- Capacity commitment strategy with lane ownership for surges, backup or overflow
- Door-to-door services
- EDI interfaces
- 18,000+ partner carriers on contract
- MEX/USA/CAN network
- Stringent carrier requirements
- 24-hour tracking

With thousands of qualified carriers under contract, we have capacity in areas that most asset-based providers avoid. Our energized team offers flexibility, responsiveness, and virtually limitless capacity throughout North America.

Logistics areas of expertise:

- Bonded Freight
- Dry van truckload
- Expedited
- Flatbed
- HAZMAT
- Intermodal
- LTL/Box truck/Sprinter
- Project/Heavy haul cargo
- Refrigerated
- Seasonal surge
- Single source
- TSA

DB SCHENKER | LAND TRANSPORT. Reliably delivering Solutions with convenience, flexibility and value.

Cross-Border Solutions.

Shipping to Mexico and Canada. DB SCHENKER | LAND TRANSPORT has over four decades of experience servicing North America, including Mexico and Canada by establishing great relationships with many partner carriers. DB SCHENKER coordinates transportation across the continent with our vast carrier network, including service to major industrial areas.

Solutions:

- Bilingual Sales and Operations support
- Complete visibility from origin to destination
- Cross docking/transloading operations
- CTPAT and PIP secure and safe operations
- Customs Brokerage
- Door-to-door through trailer service
- Northbound and Southbound service
- Proven carrier network
- Service in and out of major Mexican and Canadian markets
- Trailer-pooling capability

Dedicated Contract Carriage.

Solutions that will improve your distribution network's efficiency. We provide customized Dedicated Fleet Services to meet the unique needs of your business and your industry. By collaborating with you to improve supply chain efficiency, we can effectively manage your transportation so you can reap the benefits of a private fleet without the complications. We work with customers of all sizes and from a wide variety of industries. Our scalable solutions can improve the efficiency and flexibility of your distribution network – all while delivering award-winning service.

We manage all aspects of your operation, including cost, regulations compliance, service performance and more. Choose Dedicated Contract Carriage and reduce your risk, leaving you free to focus on your core business.

Benefits:

- Custom equipment solutions
 - Reefer, flat bed, lift gates, equipment wraps,
 - E-track, air ride
- Driver touch
 - Driver unload (Carton, pallet, scanning, racks, etc.)
 - Night-time/unattended deliveries
 - White Glove
- Backhaul revenue gain share
- Onsite driver management
- Custom routing options
 - Static route design
 - On-site dynamic daily/weekly routing options

Intermodal Solutions.

The best of both worlds. We combine the best of both modes – trucking assets blended with linehaul via the railroad – to provide a differentiated service. Through our expertise in managing containers and trailers across North America, we provide flexibility and capacity to our customers when and where you need it.

Benefits:

- Access to 65,000 domestic 53' trailers
- Additional capacity for peak periods and seasonal demands
- Drayage service available (with company owned trucks) in key metro markets
- Extended Drayage Services - We reach areas other providers cannot
- Partnership with Class I railroads
- Relationships with drayage carriers in all major markets
- Trailer (TOFC) or Container (COFC)

PlusPower Solutions.

Power up your supply chain. PlusPower has the capability to incorporate contracted truck capacity into our vast freight network and dedicated projects by capitalizing on our fleet of more than 6,000 trailers. Our thoroughly vetted and contracted carriers are monitored regularly for compliance through a dedicated carrier relations team.

PlusPower gives you drop-and-hook and shared trailer pool capability and capacity with our Land Transport offering. Best of all, you enjoy the added value that reliable professional drivers bring in the form of increased service levels and stable, long-term relationships.

Benefits:

- Capability to add surge and dedicated capacity quickly at minimal cost
- Consistent drivers increase service levels and long-term relationships
- Invested carrier managers and carriers
- No market/region or length of haul restrictions
- Using our trailers gives more flexibility
- Use of FourKites tracking and EDI check calls as needed
- Shared trailer fleet, capacity and maintenance with Land Transport
- TMW fleet management support
- Vetted and independently monitored carriers
